Special
Tribute

The David Smyth Memorial Golf Tournament in support of SDS Canada, Tuesday May 31 Carlisle Golf & Country Club

April 18, 2011

This is a very special year for our annual golf tournament as we pay tribute to the young man who was the reason SDS Canada was formed in 1997. David passed away on September 3, 2010 at the age of 20 after an intense summer struggling against the rapid advance of acute myelogenous leukemia resulting from his SDS vulnerability.

David's favorite quote was *"It's not what happens to you, it's what you do about it"*.

Our tournament has always been about that very ideal!

Over the years a relatively small number of dedicated parents have, with the help of their many friends, been able to make a huge difference in the lives of others with SDS. This year, special emphasis is being placed on raising community awareness of the need to build a strong stem cell and marrow match network.

Mike and Kim Smyth, with the support of family and friends in the SDS community, would like to continue this important work and invite you to come out for a spring celebration of life and renewal at our **13th Annual SDS Golf Tournament at Carlisle Golf and Country Club.**

Take a moment now to **mark off the afternoon of May 31** for a great day in support of SDS. Better yet, make a couple of quick calls to a few friends inviting them along as part of your foursome or become a sponsor. **Please fill out the attached registration and return it ASAP to guarantee your spot on the tee!**

Come early and warm up on the complimentary driving range, enjoy lunch, then get ready to grip 'em and rip 'em with your friends followed by our traditional complimentary cocktail hour and delicious evening banquet!

See you on the links!
